Getting started with
mySecondTeacher

mySecondTeacher (MST) is an award-winning academic delivery platform, used globally by schools leaders, teachers, students and their parents. On MST, teachers can create, schedule and conduct live video and text classes, give out, receive and grade assignments, access various resources like Interactive Videos, eBooks, generate eTestpapers with marking schemes and socialise, among many other features. **School leaders can get insights on the activities of their students and teachers while generating real-time reports to evaluate the school's academic pulse, and communicate with parents including sending them eConsent forms.**

There are a lot of things that you can do, and this manual will get you started.

eBooks

The entire Cambridge-endorsed TOP series Math and Science Primary 1 to Primary 6 textbooks, workbooks, and teachers guides from Alston Publishing are available as eBooks on our platform for subscription. Additionally, Alston's SMART series Math and Science textbooks and workbooks for lower-secondary are also available on our platform. Alston's English Language series books, which are appropriate for the entire Primary curriculum of Cambridge schools, will be available in early 2021.

What students say
about mySecondTeacher

Nao from Thailand
Ever since I started watching the videos, I start to understand more. It's like everything now makes sense. I know it helped me cuz I did Atomic Physics test last week and my score improved so much compared to previously.

Hashim from Saudi Arabia
Yeaaaahhhh! I mean it's amazing.... the diagnostic report.

Caitlyn from Indonesia
This chat thing! It's so convenient to be able to ask someone all my doubts.

Bernice from Malaysia
It's fun! I didn't know something like this existed or I would have started using it long time ago!

Tony from Singapore
The interactive videos cover the entire syllabus and even comes with loads of questions. So I don't need to refer to the textbook and workbook anymore.

Lydia from Indonesia
Your videos are really helpful! Thanks for helping me and my friends achieve higher grades!

FACT

Official IGCSE Cambridge Results (2019 June Series):

70% of **ALL** our students scored a distinction for IGCSE Physics.
The average grade of **ALL** our students is **7.5**, which is between A and B.

Understanding what
mySecondTeacher can provide to School Leaders

As a school leader, you need to make decisions and intervene at the right time. mySecondTeacher provides you with deep insights into the academic pulse of your school so as to aid your decision-making process. Additionally, mySecondTeacher allows you to demonstrate to current and future students and their parents that your school is future-proof given the advanced educational technology that the school uses.

Monitor Classes

Get detailed reports of class-based academic activities on our platform, and also see comparative stats between them. If your teacher chooses to record the class lessons on our platform, you can then review those class lesson recordings.

Insights into Students

Get detailed reports on individual students, their academic activities and performances

Insights into Teachers

Get detailed reports on the activities of individual teachers using our platform in your school

Make Announmcements

Make announcements to teachers/students/parents, and even send and receive eConsent or survey forms electronically.

School-based
Branding

The ability to differentiate one's school from another school in the eyes of the general public is a key responsibility of the school leader. Many schools use generic platforms like Google-classroom and Zoom, and there's no way to differentiate one school from another on these platforms. We are different. **mySecondTeacher allows you to prominently brand the platform based on your school's logo and motto. This way, your students, parents and teachers will be accessing your school's eLearning platform**, and not a generic one.

The Future School - For A Better Future

You upload your school's logo and write its message.
This is viewed by students, parents and teachers whenever they log into the platform.

IGCSE Chemistry 0620 · Chapter 2 Experimental techniques
2.04 Paper Chromatography

Kim Jensen
Innovate Tech School
IGCSE Chemistry 0620_Premium_Class
24 June 2020 at 3:06 PM

2/18 MY SCORE   **00:14**min MY QUIZ TIME

- The student does not understand that a ruler is used to measure distance. A ruler is used in chromatography to measure the migration distance of substance and the migration distance of solvent front.
- The student does not understand about spray reagent. To perform chromatography on colorless substances, we spray the colorless chromatogram with a reagent to make the analyte colors appear. This spray reagent is also known as locating agent. For example, we usually use ninhydrin spray on amino acids. Locating agent is not used when performing chromatography on colored substances, for example, on different dyes.
- The student does not understand about the baseline. The baseline is drawn in pencil just above the solvent surface. For this reason, the baseline is also called the pencil line.
- The student does not understand that transition elements form colored compounds.
- The student does not understand that a substance with a greater Rf value travels faster and farther distance compared to those with smaller Rf values.
- The student has not gained an adequate mastery of this topic, and further review of the lesson is necessary. Further analysis provided in this document would provide us with further insights into the student's learning roadblocks.

Need more information?

Some schools use mySecondTeacher for flip learning. Others use our platform to help students prepare for tests and examinations. Some even use our platform to aid them with differentiated learning, or as extensions of themselves so that their students have out-of-school academic support. We are happy to work with you in any manner that you deem fit. Hence, contact us if you'd like to explore ideas on working together!
